

# ECOYOUTH

*Empowering Youth on Ecological Transition*

## FIRST FACE-TO-FACE MEETING

*SÃO VICENTE - CAPE VERDE*

The team of the EcoYouth project could finally meet in person in the isle of São Vicente, in Cape Verde in November. The team could finally share their experience with local country in order to promote sustainability among young people from the country and people visiting the isle for an international environmental Portuguese speaking languages Congress.

During the meeting, the participants could collaborate in various activities: beach cleaning, visits to the environmentally protected areas, contact with local NGO's, field work with local children, cultural activities and a great number of environmental seminars.

### IMPORTANT DECISIONS

During the meeting, some very important decisions regarding the project were made. It was decided to continue with the face-to-face meetings as long as COVID restrictions allow partners to travel. The next project meeting, together with a students mobility will take place in Galicia, Spain, in February and the next mobility activity will be prepared in Mozambique in June.

# ECOYOUTH E-BOOK

## *Good Environmental Practices*

Our team worked hard to collect a series of Good Environmental Practices to give an example of what should be done in the future to protect our planets. These practices are collected in all the consortium partner's countries and they are related to environmental solutions related to air, energy and waste.

# EVENTS COMING SOON

## *Young people mobilities*

As part of the project, some activities were designed to be implemented. The mobility activities started with youth workers, that shared their experiences in Portugal and Cape Verde to work actively with young people towards a more respectful and sustainable society.

Now, it is the turn of young people, which will participate in the mobilities held in Spain and Mozambique. These experiences will help them to grow as conscious citizens

*Two mobilities, one in Spain and another in Mozambique, will be prepared for young people in the four consortium partner's countries*

## **FEBRUARY 2022**

### *GALICIA, SPAIN*

The young people selected to take part in the mobilities will travel to the Municipality of O Porriño, in Galicia, Spain to collaborate in the activities of the project and receive some courses on the area of the project

## **JUNE 2022**

### *NAMPULA, MOZAMBIQUE*

The last mobility activity will be held in the city of Nampula, in Mozambique. There, all the participants will get awareness of the problems in the area and the importance of taking care of nature.
